

EDUCATIONAL DEPT.

Conducted by INEZ PETTYCREW.

Nellie Cumbow, of the primary department is seriously ill.

Edith Pettycrew will commence school in Little Rock district next Monday.

Last week Mrs. Watson was called to Ashland to attend the funeral of her sister.

Emma Carlson is detained from school this week on account of the sickness of her mother.

The library committee are preparing an order for books. At present we have \$30.80 in our treasury.

Mrs. Daniels visited the Second primary department Monday to note the advancement of her children.

Friday afternoon the high school divided into three divisions. Inez Pettycrew was chosen president of the first division, Mabel Ashburn of the second and Clyde Davenport of the third.

Although we have listened to fluent political speeches by our greatest orators, still we have never heard more flowery, enthusiastic and eloquent addresses than are delivered by the young men and ladies of the high school at recess periods.

"Is an old time saying, 'accidents will happen.' Yes, they occur without respect or choice of persons; sometimes to one, sometimes to another, even to schoolma'ams who, in their eagerness to alight at their schoolroom door and enter upon their duties once more as a teacher, forget that they are human beings, and instead of taking time to step out of the buggy, attempt to use those dreamed of wings. Any one wishing further information upon the subject should inquire of Ada Stinard.

Robbed the Grave.

A startling incident is narrated by John Oliver, of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy the first bottle made a decided improvement. I continued their use for three weeks and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50c. guaranteed, at Elliott's.

Now is the time too, advurtyze yore mndse why the folks are readin' the papers. If you have not advurtyz'd since you started in business, you shoold now advurtyze too let the folks know that you are expectin to do some business. If you ever did advurtyze and you don't now, you shoold advurtyze to let folks know that you have some new goods left that you are willin to sell.

It Happened in a Drug Store.

"One day last winter a lady came to my drugstore and asked for a brand of cough medicine that I did not have in stock," says Mr. C. R. Grandin, the popular druggist of Ontario, N. Y. "She was disappointed and wanted to know what cough preparation I could recommend. I said to her that I could freely recommend Chamberlain's Cough Remedy and that she could take a bottle of the remedy and after giving it a fair trial if she did not find it worth the money to bring back the bottle and I would refund the price paid. In the course of a day or two the lady came back in company with a friend in need of a cough medicine and advised her to buy a bottle of Chamberlain's cough remedy. I consider that a very good recommendation for the remedy." The remedy owes its great popularity and extensive sale in a large measure to the personal recommendations of the people who have been cured by its use. It is for sale by Quigley & Chapman, druggists.

Men who shave

know that a good Razor Strip is necessary to keep a keen edge on a razor. In fact it is impossible to keep a razor sharp with a poor strip. We just received a line of the Readyforuse (Ready for use) strips. We believe they are the best made. Come in and examine them.

173 PER CENT. ANNUALLY.

That's the Profit—Copper, the Article—Mexico, the Country.

"El Progresso" in its group of six mines has some of the richest copper ores in the richest mining country in the world. Ore runs 12 per cent copper, 120, silver, a trace of gold, total value about \$45 a ton, and in two of the mines, in addition to copper and silver, ore contains 3 per cent to 5 per cent quicksilver or mercury, about \$105 a ton. The great Lake Superior, about \$105 a ton. The great Lake Superior, about \$105 a ton. The great Lake Superior, about \$105 a ton.

Entire capital stock of United Verde was offered for \$150,000 and refused. Senator Clark, later, paid \$200,000, and to-day the mine is making income from this property of over \$150,000.

If this is possible here with labor six times higher than in Mexico, with ore five times less valuable, with five times as much water, and every thing else in proportion, do you doubt that El Progresso will return 173 per cent and more, annually, to its original investors, to the first stockholders who contribute the money to start "the ball rolling," who are the "groun' floor?"

Am experienced, know the country, the people, the language, lived there 18 years, and know the mines of this section of Mexico, and unhesitatingly state El Progresso is the best; have been working for generations in a Mexican way, and supplied the copper for the surrounding country. No attempt was ever made to extract the gold, silver or quicksilver.

A modern 40-ton crushing plant—smelting plant—smelt only the \$45 ore—will return \$400,000 per annum; this \$45, \$10 for treatment, equals \$280,000 tons equals \$12,000 a day, for 300 days equals \$3,600,000. This will pay 25 per cent on \$1,500,000 total capitalization. Par value of shares \$1.00. 500,000 shares are treasury stock, and 400,000 of this to be sold very low to raise money to start things when price will be greatly advanced—100,000 at 12c (all sold), 100,000 at 15c, 100,000 at 20c, 100,000 at 25c.

Dividend multiplied by No. of shares of purchased shares. Annual Profit, \$1,500,000. 150,000 shares at \$1.00 each equals \$150,000. 150,000 shares at \$1.00 each equals \$150,000. 150,000 shares at \$1.00 each equals \$150,000.

Organized company on a plan to give a chance to all big and little, rich and poor, to see and examine this machine, compare it with others selling for from \$40 to \$60, and if satisfactory, pay the agent \$16.95 and charges. Send for circulars and full descriptions of sewing machines and bicycles, manufactured by us. Order today. Address all orders to:
